

- Notes:
- Capacitors can be any available 6.3V+
- Populate only one of the 2.4" or 1.8" LCDs or neither
- The 1.8" LCD footprint raises signals from the 2.4" LCD footprint
- 2.4" LCD can be either:
 - NHD-2.4-240320SF-CfX1-I which has a touchscreen
 - NHD-2.4-240330SF-CfX1 which does not have a touchscreen
- TSC2003 Touchscreen controller is only required if populating the NHD-2.4-240320SF-CfX1-I
- The NHD-2.4-240320SF LCDs are rated at 2.8V but can withstand 3.0V
- The NHD-1.8-128160ZF-CfX1 LCD is rated for 2.8V and is not recommended for use with the 3.3V supply
- Visit www.newhavendisplay.com for more information on these LCDs
